Thailand has some of the most beautiful and lively cities and tourist attractions in the world. These sites not only play host to descending tourists and curious travelers, they also shield the raw beauty of unexplored regions and unique fests from the rest of the world.

Singapore is a stellar city when it comes to attractions: Almost everyone will have seen an image of the city's symbol, the Merlion. The impressive Singapore flyer and Marina Bay Sands Skypark are fast taking on iconic proportions as Raffles Hotel has done for over 100 years. Science and religion are amply represented by the Science Centre and the Buddha Tooth Relic Temple.

Malaysia has its fair share of exciting theme parks and rides. Water-themed parks hold the most attraction for friends and families who want to cool down in Malaysia's hot tropical climate. On the other hand, there are also highland theme parks where the whole family can enjoy rides in cool, crisp Mountain Air.
